HINKLEY

200w Smart Landscape Transformer

SKU: 0200GY

Availability: In Stock

About The Product

Developed specifically for low-voltage LED lighting systems, the Hinkley 200W Smart Landscape Transformer combines the power of a transformer with the convenience of smart-home connectivity to provide complete control over your home's exterior lighting via the Hinkley Home Automation App. Protected by a robust composite resin housing designed for maximum resiliency, the Smart Transformer's ceramic toroid core is engineered for energy efficiency and noise reduction. A full 200-watt load supports three independent lighting zones. Control voltage settings, grouping, timing, and programming at the swipe of a finger on the Hinkley App. Compatible with Amazon Alexa and Google Home systems.

Finish: Gray

Width: 6.0"

Height: 10.8"
