radiant Collection

radiant® Wired Home/Away Smart Switch with Netatmo, White

Part No. WNRL34WH

The Wired Smart Home/Away Switch allows you to hardwire a 2-button switch dedicated to controlling your Home/Away scenes configured in the Legrand Home + Control App. The switch requires a Smart Gateway with Netatmo to be installed and must be paired with the gateway. Once paired with the gateway, you can add other Smart Lighting with Netatmo devices to your Home/Away scenes that it is programmed to run. A great solution for providing easy access to turn lights on and off when you arrive or depart your home. Made exclusively for use with Wall Plates from the radiant® Collection, sold separately.

Features & Benefits

Smart Gateway with Netatmo REQUIRED

Easy Installation: Installs in a standard electrical box with push-in connections and wire leads (neutral wire required).

Part of the radiant with Netatmo solution, which flexibly fits a home's unique needs with a variety of supported smart switches, dimmers and outlets.

Multiple Collections & Color Options: Choose from either the adorne® or radiant® collection to fit a home's unique needs. Additional color options available with use of Smart Lighting with Netatmo Color Change Kits

Screwless Wall Plate Included: Includes a radiant® wall plate in the box.

One-Touch Control: Enjoy simple one-touch control of Home/Away scenes. Manage scenes using your smartphone or tablet using the Legrand Home + Control app.

Reliable Performance: Features ultra-reliable performance through a robust and dedicated mesh network

Compatible with Smart Home Platforms: Can be onboarded to Amazon Alexa, Google Home and Apple Home, as well as other smart home platforms for greater home integration.

Available in a range of contemporary colors and finishes. Coordinate with other designer switches & outlets.
