HINKLEY

HIRO Wall Control Reversing - Wired

SKU: 980024FWH

Availability: In Stock

About The Product

Put personalized comfort and customizable illumination at the tip of your finger. The Hinkley HIRO Fan Control System pairs with any Hinkley ceiling fan to control fan power, speed, direction, and lighting functions with the push of a button. The wireless HIRO remote can be mounted within a decorative faceplate or used with an optional handheld silicone holder (not included). Its hardwired design with durable composite faceplate secures to a single- or multiple-gang switch box. No batteries required.

Finish: White

Width: 3.3"

Height: 2.5"
